San Salvador, August 24th, 2009.

**Dr. Vikram Dogra
Director
Medical Imaging Partnership**

Dear Dr. Dogra:

Regards from El Salvador, Central America.

Our Association is full of thanks to MIP for the incredible opportunity to access "The Clinics".

We are a small group which serves all the country with limited resources. There are 60 radiologists in a 6 million people's country. We're trying to cover the speciality in the best way we can, with institutional and private practice, and teaching Radiology Residents.

With the access to "The Clinics" we will reach current information, that we will use to provide better medical attention to our patients.

With our best regards

ASOCIACION SALVADOREÑA DE RADIOLOGIA

**Dra. Josethy Astrid Solórzano
Presidenta**

**Dr. Pedro Alfonso Zepeda
Secretario**
